Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	This is on green land that is needed for a more eco friendly area. The roads are full to bursting and traffic really bad throughout the area. With more houses it would be impossible. Public transport is not running effectively so wouldn't be enough. More shops, petrol stations etc would be needed for capacity with no plans for these. We need to make this land available to wildlife and create more green spaces not more houses
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	The road would need to be significantly modified to cope and shops and amenities a part of the planning. I as many would rather keep this land free and make more green space to help the ever looming problem of climate change
