When we moved in and purchased 6 years ago we were advised that no one could build on the land, especially as some is old pit land. You are going to destroy the environment, wildlife, air pollution and cause even more congestion to the adjoining roads. Since all the new houses have gone up around the area there are no more schools, doctors, dentists planned or been planned over the last 5 years.</p> <p>Every school is over subscribed and they all just add buildings on and extra classrooms. You can't get a doctors appointment due to the amount of people trying to as well.</p> <p>Building this development would be such a shame for the area, residents and everyone else.</p> <p>Please do not build these houses. Especially as we were advised by a solicitor that these pieces of land wouldn't be developed on.</p>
