Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>The traffic in the area is already extremely bad during busy periods, especially on Norden Road. The plans do not state how the current roads will be able to deal with the increased road traffic. Increased traffic will have an impact of current road users, meaning we will have to spend longer commuting to schools and work and this will also contribute to increased air pollution. This will affect our quality of life.</p> <p>Schools in the area are already at a high capacity. The plans do not say how schools will be able to deal with the increased number of children. If nothing is done to accommodate the new numbers, this will have a negative impact on current families living in the area and we will have even less say on which school we want our children to attend. Most importantly though, how will the schools be able to cater for all of the children which will be living in the 450 new house. We need plans to support the increased demand!</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Any changes need to include the removal of JPA 19: Bamford/ Norden from the PfE.
