Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Because the council have absolutely no idea of what these proposals would mean so far as traffic conditions, lack of local amenities, no public transport services in this area and they could not care less about local residents who are already struggling with the amount of housing built and being built nearby. Cannot wait to get out of this area now.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Move the Wigan councillors property into lowton and see how they negotiate getting in and out when you have no choice but to use your car for travelling because of lack of any local transport amenities whatsoever. Total joke!!!
