<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	<p>I am really disappointed about the proposed plans for the Bamford green belt land, it is publicly accessible Green belt land, which is protected by national planning policy. We walk over there a-lot, the children have a-lot of freedom, because it's very safe. This is the only Green space the community have to use.</p> <p>I have two foster children and we feel it is good for all our well being and mental health. Exercise is a big part of our family life, It is used by all the community, football, games, relaxation.</p> <p>I appreciate there is a shortage of social housing in this country, but these are not going to be social housing. They are going to be expensive, executive homes built purely for profit, and not social housing.</p> <p>Also it will have an impact on Norden Rd, the volume of traffic is bad now. If another 450 homes are built it's going to be a lot worse.</p> <p>How will the local schools cope with additional children, there is no capacity now.</p> <p>I strongly disagree with the proposed plans.</p>
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	The medication we are seeking is for JPA 19 Bamford/Norden to be removed from the PfE.
