Please be as precise as possible.	I am a resident in the immediate area having lived in Ellenbrook for 32 years. As a full time worker I suffer extensively from the volume of traffic, in fact so much that I have had to change my working hours to 09.30 to 18.30 to try and avoid the worst of the traffic, which impacts on my home life. My husband leaves home at 06.30 for the same reason. The state of the roads are shocking with pit holes every few hundred yards, which can only be due to volume of traffic. The guided busway has been a great addition to the area and is fully utilised on weekdays, to the point where additional buses are already required for busy periods. People getting to work cannot rely on being able to board a bus at Mosley Common as they are already full at peak times. The amenities are nowhere near enough for the volume of current residents never mind an additional 1100 new houses being proposed.
