<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	This land has been earmarked for green space linked to open casting recovery. There is little green space left in Atherton and this is a well used and loved area with extensive wildlife including deer and hares. This has not been taken into account. There are many other previously industrial areas that could be earmarked for housing. Many flats and houses in the area are also empty this needs to be reconsidered.
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	Keep this as green space for the current residents
