Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>Currently schools are over subscribed having an additional 1100 houses without provisions provided now for the current schools that are over subscribed will cause more issues. The traffic is a nightmare at present and not having enough schools means children will need to attend schools out the area contributing to further traffic.</p> <p>Not enough health care provision in the area. Doctors are over subscribed and not dentists are taking on nhs patients in the area.</p> <p>To provide this vast amount of additional housing provisions such as schools, doctors and dentists should be brought into the area prior to agreeing additional housing.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>Additional schools, doctors and dentists and something to help with the high traffic problem within the area. More public transport to help ease congestion in the area.</p>
