Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Unfortunately we don't have the facilities for the houses that are already here. Traffic is already horrendous between 7 and 10 and 3 and the traffic I already UNBELIEVABLE .To add another 1100 homes with the potential for another 2200 cars would be catastrophic for the communities and the environment. How can you be taking more green spaces when you've already taken so much? There is no benefit to anyone for building these. Surely on your computer models it shows all the congestion the pollution and the damage caused to the environment.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Don't build here it will cripple all the communities in this area it will not be of any benefit to anyone.
