Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Greenbelt land is being unreasonably targeted when brownfield sites are available. The HS2 development is already encroaching on greenbelt so Manchester Council has a duty and obligation to protect what is left.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Reverse all plans to develop greenbelt land, green corridors on existing greenbelt are not sufficient. The area around the airport needs more greenbelt, not less to mitigate the harm the airport is causing. Air pollution levels have not been measured in this area since 2016 when the monitoring station was removed. This needs to be reinstated as a matter of urgency.
