The junction leading from Ellenbrook/bridgewater road and Mosley common is already crammed and slowly moving especially with its connection with the east lancs road. The site for the proposal is also land which is full of nature and wildlife and for 1100 more house to be built when you don't have the logistics in place nor the amenities. It is totally shocking and morally wrong. How you can allow these big companies to build and build just so they can line there pockets with below part housing estates is beyond belief and the fact that the council continue to allow it proves to me that community spirit is being pushed to the brink by pure greed.
