Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	The attached document supplied by Bury Folk Keep It Green explains my position much better than I can myself. I totally agree with all it states
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	There are more than enough Brownfield sites in the Bury area to build the required amount of new homes and there has been no evidence provided to show that the Northern Gateway will bring the 20000 highly qualified jobs (As originally stated). As there are only around 3500 unemployed in the Bury area this would require people to commute to Bury on an already over stretched road network and would make a mockery of Bury Councils "Clean Air" policy

Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	The supporting document compiled by Bury Folk Keep It Green, of which I am a member, explains everything in great detail, much better than I could do myself. I therefore submit this as my evidence.

This is just for number crunching to make the figures on the genuine greenbelt loss look less damaging

Please be as precise as possible.	The plan is totally contradictory to itself, on one hand you talk about being green, carbon neutral and clean air, on the other you want to build huge housing and warehousing estates removing the green lungs of the area and increasing traffic congestion. if you believe we are all going to be driving electric cars by the end of the decade you really do live in a fantasy world, again the infrastructure can't cope
