<b>Compliance - In accordance with the Duty to Cooperate?</b>	NA
<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	<p>"Safe and convenient access for pedestrians and cyclists" How will this be implemented? Parts of the pavements on Sale lane and Mort are too narrow for two people to pass and the traffic is so dense that cyclists sometimes cycle on the pavement for safety.</p> <p>What do you mean by "adequately control noise pollution"? You can not possibly know how the noise will effect a person in their home as you do not know how many more cars will be on the road from the new homes, most homes have at least 2 cars.</p> <p>" a good nights sleep" ( world health organisation ) again how do you know how much traffic will pass my house and disturb my sleep ( noise and air pollution) affecting my wellbeing?</p> <p>"community and health facilities" you say potentially ...meaning what? possibly? possibly not? maybe? maybe not?</p>
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	Reduce the traffic by reducing the number of houses
