Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>There are no proposals for new schools in this plan but point 11 above states new school facilities. All our local schools are fully subscribed to therefore no places will be available and children will be forced out of the catchment area.</p> <p>Roads will be overloaded with hundreds of more cars - all roads around schools are being parked on causing horrendous problems for local residents. Bury Road is mobbed with cars taking children to school and dangerous with the speed of cars who do not adhere to the 20mph.</p> <p>We value our open green areas for recreation - dog walking, football, tennis, other sports and visual areas.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>Brownfield sites should be used only - do not take away any of local beautiful village.</p> <p>We are a village not a town!!!</p> <p>Our Bamford village green that was bequeathed to the people of Bamford has been spoilt in the past by building a road through it - do not let this proposal take place. Choose somewhere else to build!!!</p>
