

DECISION NOTICE (GMP)

Decision author and proposer:

Subject:

A0217 Pensions Administration Service

Type of decision: Extension of existing contract

Deputy Mayor's decision

X

**Chief Officer's
decision**

The decision is that:

The Deputy Mayor approves a 12 month extension to the existing contract with Kier Business Services (formerly known as Mouchel Business Services) for the provision of police pensions administration and payments service.

The reasons for the decision are:

As a principle it has been agreed, for any contract with an option to extend, that the extension will be taken unless there are performance issues,

The current contract has a 3 year duration with options to extend by 2 further periods of 12 months.

Overall the performance of the supplier has been very good.

Alternative options considered and rejected:

A separate OJEU tender by GMP has been considered by rejected at this stage. This is due to the resources required to tender and the fact that GMP are unlikely to receive better value than that achieved through the current Cheshire Framework due to aggregated values.

Financial comments: There is an existing revenue budget in place for this service. The estimated contract spend for the full duration is £1.13M

Legal comments: The contract will continue with the existing Cheshire Constabulary framework terms and conditions.

Risk Assessment:

There are no risks associated with extending this contract. The supplier is performing well as outlined in the report to the Procurement Governance Group and the contract remains compliant.

Is safeguarding of children relevant and has this been considered:

This is not relevant to this contract.
