Page No.	Row Reference Number	Sufficiency Strategy Section	Sufficiency Strategy Sub-Section	Item Format	Item Name	Explanatory Notes	Source Indicator		Dataset Name	Dataset Source Organisation	Dataset Link (if relevant)
P7	1	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	6,027 Looked After Children (LAC) across Greater Manchester: 18% more than in 2015/16	See row 14	See row 14		See row 14	See row 14	See row 14
P7	2	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	Three-quarters of all foster placements are run by Local Authority Fostering Services	See row 23	See row 23		See row 23	See row 23	See row 23
P7	3	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	Increase in GM LAC numbers is driven by rise in numbers of 10-15 year olds	See row 15	See row 15		See row 15	See row 15	See row 15
P7	4	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	80% of residential placements are delivered by the Independent Sector and 84% of SaLTs placements	See row 26	See row 26		See row 26	See row 26	See row 26
P7	5	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	In December 2019, there were just over 100 LAC placed in residential care in GM by a Local Authority outside of the North West	See row 41	See row 41		See row 41	See row 41	See row 41
P7	6	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	10% more LAC were placed in a residential placement in an LA that doesn't border GM from 2019/20 to 2020/21	See row 49	See row 49		See row 49	See row 49	See row 49
P7	7	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	LAC placements accounted for 52.4% of total Children's Services expenditure in 2018/19 and costs are rising	2018/19 was the most recent available figures at the time of writing.	13 Children Looked After; 30 Total Children Social Care		Revenue Outturn Figures	Ministry of Housing, Communities & Local Government	https://www.gov.uk/government/collections/local-authority-revenue-expenditure-and-financing#2018-to-2019
P7	8	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	There is a declining number of foster carers (LA and IFA) across GM	When considering the number of approved fostering households in the year against the number of fostering deregistered households, there has been an overall net loss.	(1) Total number of households approved in year; Total households deregistered between 1 April and 31 March (2) Number of IFA carers		(1) Ofsted Fostering in England; (2) Placements North West Provider Information	(1) Ofsted; (2) Placements North West	(1) https://www.gov.uk/government/statistics/fostering-in-england-1-april-2018-to-31-march-2019 ; (2) N/A (direct share from contact)
P7	9	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	GM have 1.5 independent residential / IFA places for every LAC, but yet less than 1/3 get to remain in their local area	See rows 67 and 69	See rows 67 and 69		See rows 67 and 69	See rows 67 and 69	See rows 67 and 69
P7	10	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	Top 5 IFAs have 35% and top 5 independent residential providers own 40% of GM market	See rows 53 and 56	See rows 53 and 56		See rows 53 and 56	See rows 53 and 56	See rows 53 and 56
P7	11	GM Sufficiency Infographic	Greater Manchester Sufficiency Infographic	Infographic	For every 1 LA run children's home in GM, there are 5 independent homes	See row 53	See row 53		See row 53	See row 53	See row 53
P8	12	People	Numbers of Looked After Children (LAC) across GM	Visualisation	Rates of LAC per 10,000 CYP at 31 March	The rate of LAC per 10,000 of the 0-17 year old population in each respective GM locality, and in GM and England at 31 March. Each year uses the mid-year population estimate of the previous calendar year.	(1&2) Children who are Looked After at the end of the period; (2) Population estimate 0-17 year olds		(1) Statistics: looked after children including adoption (903); (2) RIG Dataset; (3) ONS Mid-year Population Estimates	(1) Department for Education; (2) North West ADCS Regional Performance and Information Management Group; (3) Office for National Statistics (ONS)	(1) https://www.gov.uk/government/collections/statistics/looked-after-children ; (2) N/A (direct share from contact); (3) https://www.ons.gov.uk/peoplepopulationandcommunity/populationandmigration/populationestimates
P8	13	People	Numbers of Looked After Children (LAC) across GM	Infographic	18% more LAC across GM now than there were in 2015/16	See row 14	See row 14		See row 14	See row 14	See row 14
P8	14	People	Numbers of Looked After Children (LAC) across GM	Infographic	6,027 Looked After Children (LAC) across Greater Manchester: 18% more than in 2015/16	The number of LAC in GM at 31 March. 2020 uses provisional data, previous years use official data released by the Department for Education.	Children who are Looked After at the end of the period		(1) Statistics: looked after children including adoption (903); (2) RIG Dataset	(1) Department for Education; (2) North West ADCS Regional Performance and Information Management Group	(1) https://www.gov.uk/government/collections/statistics/looked-after-children ; (2) N/A (direct share from contact)
P8	15	People	Numbers of Looked After Children (LAC) across GM	Infographic	The volume increase in GM LAC numbers is fundamentally driven by increases in numbers of 10-15 year olds - as nationally	60% of children looked after across Greater Manchester are over 10 years old. This is up 7 percentage points when comparing 2012-13 to 2018-19 data. In instances where we have seen decreases in LAC numbers (across the 10 localities and in individual localities, this is most commonly associated with fewer numbers of looked after children aged under 4 years old.	CLA_U1: Children looked after CLA_1to4: Children looked after CLA_5to9: Children looked after CLA_10to15: Children looked after CLA_16over: Children looked after		Statistics: looked after children including adoption (903)	Department for Education	https://www.gov.uk/government/collections/statistics/looked-after-children
P8	16	People	LAC Demographics	Visualisation	Ethnic background of LAC placed by GM, 31 March snapshot	Proportion of GM LAC that are from a white, mixed, Asian, black, other, or unknown ethnic background at 31 March 2019.	CLA_White: Children looked after CLA_Mixed: Children looked after from a mixed ethnic background CLA_Asian: Children looked after from an Asian ethnic background CLA_Black: Children looked after from a black ethnic background CLA_OTH: Children looked after from any other ethnic background CLA_OTH: Children looked after where ethnic background is not known		Statistics: looked after children including adoption (903)	Department for Education	https://www.gov.uk/government/collections/statistics/looked-after-children
P8	17	People	LAC Demographics	Visualisation	Gender of LAC placed by GM, 31 March snapshot	Proportion of GM LAC that are male, and female at 31 March 2019.	CLA_male: Male children looked after CLA_female: Female children looked after		Statistics: looked after children including adoption (903)	Department for Education	https://www.gov.uk/government/collections/statistics/looked-after-children
P8	18	People	LAC Demographics	Visualisation	Age of LAC placed by GM, 31 March snapshot	Proportion of GM LAC that are of aged under 1, 1 to 4, 5 to 9, 10 to 15, or over 16 at 31 March 2019.	CLA_U1: Children looked after CLA_1to4: Children looked after CLA_5to9: Children looked after CLA_10to15: Children looked after CLA_16over: Children looked after		Statistics: looked after children including adoption (903)	Department for Education	https://www.gov.uk/government/collections/statistics/looked-after-children
P8	19	People	LAC Demographics	Infographic	75% of LAC across GM are from a white ethnic background	See row 16	See row 16		See row 16	See row 16	See row 16
P8	20	People	LAC Demographics	Infographic	There are more male LAC (55%) than female (45%)	See row 17	See row 17		See row 17	See row 17	See row 17
P8	21	People	LAC Demographics	Infographic	60% of all GM looked after children are aged 10 and over	See row 18	See row 18		See row 18	See row 18	See row 18
P8	22	People	LAC Demographics	Infographic	A fifth of all looked after children aged 4 or under	See row 18	See row 18		See row 18	See row 18	See row 18
P9	23	People	LAC Placement Types	Visualisation	Placements at 31 March 2020 by placement and provider type, GM	Total number of placements for LAC at 31 March 2020, broken down by placement type then provider type. This does not include Bury due to data availability at the time of writing.	Placement type: U1 - Foster placement with relative or friend - long term fostering [fostering]; U2 - Foster placement with relative or friend who is also an approved adopter - FFA [fostering]; U3 - Foster placement with relative or friend - not long term or FFA [fostering]; U4 - Placement with other foster carer - long term fostering [fostering]; U5 - Placement with other foster carer who is also an approved adopter - FFA [fostering]; U6 - Placement with other foster carer - not long term or FFA [fostering]; K1 - Secure Children's Homes [residential]; R2 - Homes and Hostels - Residential care home [residential]; R2 - NHS / health trust or other establishment providing medical or nursing care [residential]; R3 - Family centre or mother and baby unit [residential]; R5 - Young Offender Institution or prison [residential] H5 - Semi-independent living accommodation not subject to Children's Homes regulations [SaLTs]; P2 - Independent living [SaLTs]; A3 - Placed for adoption with consent (under section 19 of the 2002 Act) with current foster carer [placed for adoption]; A4 - Placed for adoption with consent (under section 19 of the 2002 Act) not with current foster carer [placed for adoption]; A5 - Placed for adoption with placement order (under section 21 of the 2002 Act) with current foster carer [placed for adoption]; A6 - Placed for adoption with placement order (under section 21 of the 2002 Act) not with current foster carer [placed for adoption]; P1 - Placed with own parents or other person with parental responsibility; T0 - All types of temporary move [Temporary]; T1 - Temporary periods in hospital [Temporary]; T2 - Temporary absence of the child on holiday [Temporary]; T3 - Temporary accommodation whilst normal foster carer(s) is/are on holiday [Temporary]; T4 - Temporary accommodation of seven days or less, for any reason, not covered by codes T1 to T3 [Temporary]; Z1 - Section 38(6) Order or Other Placements; Unknown / Other [unknown]; Grand Total Excludes P3 - Residential employment as there are no placements of this type within this period; Excludes S1 - All residential schools due to data reliability, as is convention. Provider type: PRO - Parents or other person with parental responsibility; PR1 - Own provision by LA; PR2 - Other LA provision; PR3 - Other public provision; PR4 - Private Provision; PR5 - Voluntary/Third Sector Provision; Unknown / Other		Looked after children including adoption	GM Local Authorities	N/A (direct share from LAS)

P9	24	People	LAC Placement Types	Infographic	foster placements, with nearly 75% of these placements being the locality's own	See row 23	See row 23	See row 23	See row 23	See row 23
P9	25	People	LAC Placement Types	Infographic	Private provision accounts for around 1 in 4 placements	See row 23	See row 23	See row 23	See row 23	See row 23
P9	26	People	LAC Placement Types	Infographic	Private and voluntary/third sector accounted for 80% of residential, 25% of fostering, and 84% of Salls placements	See row 23	See row 23	See row 23	See row 23	See row 23
P9	27	People	Independent LAC Placements by Type	Visualisation	Independent LAC Placements by Type	Number of independent sector foster, residential, and Salls placements, over time.	URN (Count): count of placements Research field - Recode - Type of placement: includes only Residential (excluding residential parent and child, residential school, secure welfare, and block contract Oldham), Fostering, and Salls; Age range: excludes 18 plus; Parent company: excludes Local Authority Weekly cost (actual weekly cost paid): excludes records where the weekly cost is not provided	Placements North West Census	Placements North West	N/A (direct share from contact)
P9	28	People	Independent LAC Placements by Type	Infographic	There has been a 14% increase in the use of independent residential care homes since December 2019. At the current average cost of these placements, this growth in has added around £11m of expenditure annually	N/A	Research field - Recode - Type of Provision: Residential (excluding residential parent and child, residential school, secure welfare, and block contract Oldham); URN (Count): count of placements Age range: excludes 18 plus; Parent company: excludes Local Authority Weekly cost (actual weekly cost paid): excludes records where the weekly cost is not provided	Placements North West Census	Placements North West	N/A (direct share from contact)
P10	29	People	Salls Placements by Type (%)	Visualisation	Salls Placements by Type (%)	Proportion of independent sector Salls placements that were Group Living placements, Accommodation and Floating Support placements, and Floating Support Only placements, over time. June 2020 data is excluded due to some of the data being unavailable at the time of writing.	Research field - Recode - Type of Provision: Salls; Type of Provision: Group Living, Accommodation and Floating Support, Floating Support Only; URN (Count): count of placements Age range: excludes 18 plus; Parent company: excludes Local Authority Weekly cost (actual weekly cost paid): excludes records where the weekly cost is not provided	Placements North West Census	Placements North West	N/A (direct share from contact)
P10	30	People	Salls Placements by Type (%)	Infographic	17% increase in the proportion of Group Living Salls Placements at December 2019 compared to the year previous	See row 29	See row 29	See row 29	See row 29	See row 29
P10	31	People	Salls Placements by Type (%)	Infographic	29% decrease in the proportion that were in Supported Accommodation with Floating Support	See row 29	See row 29	See row 29	See row 29	See row 29
P10	32	People	Edge of Care Service Mapping	Visualisation	Edge of Care Service Mapping	The map details the Edge of Care service in each GM locality, as of June/early July 2020.	N/A	dedicated research for this project	GMCA	N/A
P10	33	People	Edge of Care Service Mapping	Infographic	3/10 GM LAs have all age edge of care services	N/A	N/A	dedicated research for this project	GMCA	N/A
P10	34	People	Edge of Care Service Mapping	Infographic	Declining national trend in LAC accommodated under s.20 but GM stable	The insights work offers a reminder that, since 2014/15, the use of s.20 has decreased by 11% across England, but by <2% across GM. 2018/19 was the most recent time period at the time of writing.	Accommodated under s.20; All children looked after at 31 March	Statistics: looked after children including adoption (903)	Department for Education	https://www.gov.uk/government/collections/statistics-looked-after-children
P10	35	People	Edge of Care Service Mapping	Infographic	UASC make up smaller % of LAC in GM than national average	N/A	Unaccompanied asylum seeking children looked after at 31 March; All children looked after at 31 March	Statistics: looked after children including adoption (903)	Department for Education	https://www.gov.uk/government/collections/statistics-looked-after-children
P11	36	People	Stability of Placements	Visualisation	Proportion of CLA (for 2.5 years) who have been in the same placement for at least 2 years or placed for adoption	Of all children who have been looked after for 2.5 years at the end of March, the proportion who have been in the same placement for at least 2 years or placed for adoption.	Children Looked After for 2.5 years at the end of the period; Of which in same placement for 2+ yrs or placed for adoption Grand total: total number of placements at 31 March; Number of breakdowns: Two: two placement breakdowns during the year; Number of breakdowns: Three: three placement breakdowns during the year; Number of breakdowns: Four: four placement breakdowns during the year; Number of breakdowns: Five or more: four or more placement breakdowns during the year	RIG Dataset	North West ADCS Regional Performance and Information Management Group	N/A (direct share from contact)
P11	37	People	Stability of Placements	Visualisation	Proportion of LAC receiving two or more placements in 12 months	All children who have been looked after for 2.5 years at the end of the period)	See row 37	Looked after children including adoption	GM Local Authorities	N/A (direct share from LAs)
P11	38	People	Stability of Placements	Infographic	1 in 5 LAC have had 2 or more placements in a 12 month period	See row 37	See row 37	See row 37	See row 37	See row 37
P11	39	People	Stability of Placements	Infographic	5% of LAC who have had 2 or more placements in the last 12 months were ended because of a request from the child/young person	N/A	CHILD: Child requests placement end; Grand Total	Looked after children including adoption	GM Local Authorities	N/A (direct share from LAs)
P11	40	People	Stability of Placements	Infographic	3 in 5 LAC that have been in care for over 2.5 years, have remained in the same placements for at least 2 of those years	See row 36	See row 36	See row 36	See row 36	See row 36
P12	41	Place	Volume of Placements Hosted by each GM LA	Visualisation	Independent placements hosted in each LA, shaded by placing authority categorisation, December 2019	Within each GM authority, the proportion of independent placements hosted that are from the host LA, another GM LA, another NW LA, or a non-NW LA at December 2019. Data on placements from another NW LA and non-NW LAs relates to independent residential placements only and does not include data on these placements hosted in Bury, due to data availability. December 2019 data is used as the Regulation 41 collection was a one-off.	Host Authority: GM localities; Research field - Placing Authority Category: Host LA, Other GM LA, North West LA, Non-NW LA; URN (Count): count of placements Research field - Recode - Type of placement: includes only Residential (excluding residential parent and child, residential school, secure welfare, and block contract Oldham), Fostering, Salls, and Other. Age range: excludes 18 plus; Parent company: excludes Local Authority	(1) Placements North West Census; (2) Placements North West Regulation 41 Return (one-off collection)	Placements North West	N/A (direct share from contact)
P12	42	Place	Volume of Placements Hosted by each GM LA	Infographic	just over 100 LAC placed in residential care in GM by a Local Authority outside of the North West	See row 41	See row 41	See row 41	See row 41	See row 41
P12	43	Place	Volume of Placements Hosted by each GM LA	Infographic	2/10 GM LAs are particularly challenges with fewer than 10% of provider placements in their locality being used by their own CLA	See row 41	See row 41	See row 41	See row 41	See row 41
P12	44	Place	Volume of Placements Hosted by each GM LA	Infographic	90% of all independent LAC placements hosted within GM are from GM LAs	See row 41	See row 41	See row 41	See row 41	See row 41
P12	45	Place	GM Placement Location by Placement Type	Visualisation	GM Placement Location by Placement Type	Proportion of each independent sector placement type at Q1 2020/21 (June) that were placed in own GM locality, in another GM locality, in a locality bordering GM, in a NW locality, in another local authority in the UK, and where the host authority information is not available.	Research field - Recode - Type of Provision: Residential (excluding residential parent and child, residential school, secure welfare, and block contract Oldham), Fostering, Salls; Distance from home: Own GM locality, Another GM locality, Locality bordering GM, Other NW locality, National, Host authority information not available; URN (Count): count of placements Age range: excludes 18 plus; Parent company: excludes Local Authority Weekly cost (actual weekly cost paid): excludes records where the weekly cost is not provided	Placements North West Census	Placements North West	N/A (direct share from contact)
P12	46	Place	GM Placement Location by Placement Type	Infographic	1 in 5 LAC placed in independent residential care are placed outside of the North West entirely	Proportion of looked after children in independent residential placements who are in a local authority that is outwith the North West at Q1 2020/21 (June).	Research field - Recode - Type of Provision: Residential (excluding residential parent and child, residential school, secure welfare, and block contract Oldham); Distance from home: Own GM locality, Another GM locality, Locality bordering GM, Other NW locality, National, Host authority information not available; URN (Count): count of placements Age range: excludes 18 plus; Parent company: excludes Local Authority Weekly cost (actual weekly cost paid): excludes records where the weekly cost is not provided	Placements North West Census	Placements North West	N/A (direct share from contact)

P16	59	Provision	SaLLs Supply Overview	Table	SaLLs Supply Overview	N/A	Various datasets related to the NW Independent SaLLs Dynamic Purchasing System 2020. As noted, the data in this section only relates to contracted provision on that arrangement so is not a full reflection of the entire GM market	Placements North West Provider Information	Placements North West	N/A (direct share from contact)
P16	60	Provision	SaLLs Supply Overview	Table	Market Trend	N/A	Various	Placements North West Provider Information	Placements North West	N/A (direct share from contact)
P16	61	Provision	SaLLs Supply Overview	Table	Market Overview	See rows 23, 31 and 59	See rows 23, 31 and 59	See rows 23, 31 and 59	See rows 23, 31 and 59	See rows 23, 31 and 59
P17	62	Sector Overview	Placements by Provider Sector and Type	Visualisation	Placements by Provider Type, GM 2020	Proportion of fostering, residential and SaLLs placements by provider type over time. This chart does not include residential school placements due to data reliability, as is convention, and does not include Bury due to data availability at the time of writing.	Placement type: U4 - Placement with other foster carer- long term fostering (fostering); U5 - Placement with other foster carer who is also an approved adopter- FFA (fostering); U6 - Placement with other foster carer - not long term or FFA (fostering); K1 - Secure Children's Homes (residential); K2 - Homes and Hostels (residential); R1 - Residential care home (residential); R2 - NHS / health trust or other establishment providing medical or nursing care (residential); R3 - Family centre or mother and baby unit (residential); R5 - Young Offender Institution or prison (residential) H5 - Semi-independent living accommodation not subject to Children's Homes regulations (SaLLs); P2 - Independent living (SaLLs); Grand Total Excludes P3 - Residential employment as there are no placements of this type within this period; Provider type: PR1 - Own provision by LA; PR2 - Other LA provision; PR3 - Other public provision; PR4 - Private Provision; PR5 - Voluntary/Third Sector Provision; Unknown/Other	Looked after children including adoption	GM Local Authorities	N/A (direct share from LAs)
P17	63	Sector Overview	Placements by Provider Sector and Type	Visualisation	Placements by Provider Type, GM	Same as row 62 but over three years	Year: 31 March 2018; 31 March 2019; 31 March 2020	See row 62	See row 62	See row 62
P17	64	Sector Overview	LAC Placements Above Average Cost	Visualisation	LAC Placements Above Average Cost	Proportion of independent sector placements that were above the average (mean) cost of a GM independent sector placement at June 2020, over time by placement type.	Research field - Recode - Type of Provision: Residential (excluding residential parent and child, residential school, secure welfare, and block contract Oldham), Fostering, SaLLs; Weekly cost (actual weekly fee paid): placement cost paid for the week in which the snapshot was taken (excludes records where the weekly cost is not provided); URN (Count): count of placements Age range: excludes 18 plus; Parent company: excludes Local Authority	Placements North West Census	Placements North West	N/A (direct share from contact)
P17	65	Sector Overview	LAC Placements Above Average Cost	Infographic	40% of residential placement fees charged by the independent sector are now above the average paid by GM LAs	See row 64	See row 64	See row 64	See row 64	See row 64
P17	66	Sector Overview	LAC Placements Above Average Cost	Infographic	Despite higher volumes of placements fees are not reducing	See rows 27 and 64	See rows 27 and 64	See rows 27 and 64	See rows 27 and 64	See rows 27 and 64
P18	67	Independent Sector Sufficiency Analysis	1. Numerical Sufficiency	Visualisation	1. Numerical Sufficiency	No. of times more IFA/Residential supply than demand in each GM locality. The analysis uses the most recently available supply information for IFA and residential respectively and pairs this with demand data from the same period. For IFA places, this is December 2019 and for independent residential places, this is June 2020.	Supply: Estimated Number of IFA Foster Care Places within Host LA Area Demand: Total of All CLA Placed in an IFA (All locations) Supply: Actual Number of CH Places within Host LA; Demand: Total of All CLA Placed in Independent Residential Care (All locations); LA: the GM locality as a placing authority Age range: excludes 18 plus; Parent company: excludes Local Authority; Weekly cost (actual weekly cost paid): excludes records where the weekly cost is not provided	(1) Placements North West Census and Provider Information (2) Ofsted Registered Children's Homes	(1) Placements North West; (2) Ofsted	N/A
P19	68	Independent Sector Sufficiency Analysis	2. Demand Sufficiency	Visualisation	2. Demand Sufficiency	Proportion of IFA places within LA used by LA; Proportion of independent residential places within LA used by LA. The analysis uses the most recently available supply information for IFA and residential respectively and pairs this with demand data from the same period. For IFA places, this is December 2019 and for independent residential places, this is June 2020.	Local Demand: Total CLA Placed within an IFA within Host LA Area; Supply: Estimated Number of IFA Foster Care Places within Host LA Area; Demand: Total CLA Placed in an Independent CH within Host LA Area; Supply: Actual Number of CH Places within Host LA LA: the GM locality as a placing authority Age range: excludes 18 plus; Parent company: excludes Local Authority Weekly cost (actual weekly cost paid): excludes records where the weekly cost is not provided	(1) Placements North West Census and Provider Information (2) Ofsted Registered Children's Homes	(1) Placements North West; (2) Ofsted	N/A
P19	69	Independent Sector Sufficiency Analysis	3. Local Sufficiency	Visualisation	3. Local Sufficiency	Proportion of IFA placements made by LA in own LA; Proportion of independent residential placements made by LA in own LA. The analysis uses the most recently available supply information for IFA and residential respectively and pairs this with demand data from the same period. For IFA places, this is December 2019 and for independent residential places, this is June 2020.	Local Demand: Total CLA Placed with an IFA within Host LA Area; Demand: Total of All CLA Placed in an IFA (All locations) Local Demand: Total CLA Placed in an Independent CH within Host LA Area; Demand: Total of All CLA Placed in Independent Residential Care (All locations); LA: the GM locality as a placing authority Age range: excludes 18 plus; Parent company: excludes Local Authority Weekly cost (actual weekly cost paid): excludes records where the weekly cost is not provided	North West Census and Provider Information (2) Ofsted Registered Children's Homes	(1) Placements North West; (2) Ofsted	N/A
